

Video Wall Mounting System--JW03 Series

Great for landscape or portrait screen orientation in video wall applications, offering easy installation and maintenance for multiple screens.

JW03 series provides the perfect solution to your digital signage project. With simple installation and easy micro-adjustments, the displays are aligned with precision and held close against the wall for a clean, low-profile appearance.

Video Wall Mounting System--JW03 Series

Fast Alignment

Provides post-installation of height and tilting for a seamless installation

Lock & unlock Switch Knob

Helps to lock/release display out of the wall plate

Lateral shift

Allows screens to slide left/right to simplify installation and also can be fixed to protect screens from potential collisions

Kickstand Design

Provides 12° of tilt for easy cable management and maintenance

Optional Security

Anti-theft design for additional security (require for a padlock)

Pop-out Extension

Easily pulled out for easy installation and maintenance

Lock the pop-out

Protects displays by removing the possibility of accidental pop-outs via the plastic locking pieces

Vertical adjustment

Height adjustment in an easy-to-access location ensures perfect alignment

Tilt Adjustment

Handles enable tilting for 5° up and 3° down that protects displays from twisting

Depth Adjustment

Rotate knobs for fine-tuning of depth from the wall

JW03-46F

Without Pop-out function

JW03-46T
