

Combined Type Mini Storage (Model : JFGY1)

迷你倉 鋁金門+滾壓板 (型號 : JFGY1)

CHART 結構圖

FEATURE:

- Finished with powder under static electricity condition, it is durable and long-life span.
- The range of width and height can meet the requirement of different size.
- With layer panel, it can make full use of space.
- The metal plate door is used as hallway door, and the roll-type processing panel is used for linking the inner structure. This mode not only take advantage of feature of, metal plate style storage and roller style storage, but also improve producing efficiency and save producing cost
- Fast & easy installation.
- 表面處理：靜電噴塗，長久耐用
- 不同組合的寬度和高度適用於各類的大小場所
- 走廊位置採用鋁金門，倉庫面用滾壓板連接，這種組合方式，融合了鋁金倉和滾壓倉的優點，同時提高了生產效率和節約成本。
- 快捷和便於安裝
